

2011 Catalog

Heirloom Tomato and Vegetable Seeds

Sevenacreseeds.com

Over 600 Varieties of Tomatoes, Vegetables, Herbs, and Flowers.

2010 Tomato Trial Field

Thank you for requesting our 2011 catalog. We have enjoyed a wonderful growing season this past year with nearly all varieties meeting or exceeding our expectations. As such, we are happy to offer over 60 new varieties of delicious heirloom tomatoes, vegetables, flowers and herbs for 2011!

As many of our previous customers will probably notice, our 2011 catalog has a look and feel similar to the larger mail order seed companies. We hope it will provide you with better photographs and more information as you select the varieties that are just right for your garden. We will continue to search for new and unique varieties that are a joy to grow and share at harvest time. If you ever have any unique heirloom varieties that you have been growing, we would love to hear about them.

We have a number of varieties of tomato and vegetable seeds available online that didn't make it into the catalog this year due to space constraints. If you don't see what you are looking for here, check out our selection online at www.sevenacreseeds.com.

Please enjoy browsing our catalog and drop us an email if you have any questions about tomato selection or growing recommendations.

Good Luck with your Garden.

SNOW WHITE

GREEN ZEBRA

BEAUTY BLANC

GREENWICH

Green/White

SPEAR'S TENNESSEE

CREAM SAUSAGE

WHITE OXHEART

ANANAS NOIRE

DOROTHY'S GREEN

GREAT WHITE

Ananas Noire ~ 8-10 oz. beef steak with a beautiful olive green/black color. Excellent flavor with a hint of citrus and a touch of acid. 80 days. #T109 (20-25 Seeds) \$2.95

Aunt Ruby's German Green ~ A sweet delicious flavor with a hint of spice. 12-16 oz. with a light green skin and dark green interior when fully ripe. 80 days. #T118 (20-25 Seeds) \$2.95

Beauty Blanc ~ A medium sized white tomato, whiter than White Wonder and somewhat smaller. Flavor is mild with little acid. 70 days. #T129 (20-25 Seeds) \$2.95

Cream Sausage ~ A very mild paste tomato with an ivory cream color, turning a straw color when ripe. Makes a great "white" tomato sauce. 80 days. #T199 (20-25 Seeds) \$2.95

Dorothy's Green ~ 8-10 oz. fruits are prolific and similar in flavor to Aunt Ruby's. 80 days. #T218 (20-25 Seeds) \$2.95

Great White ~ Creamy white beef steak with fruits weighing 8-18 oz. Mild flavor with low acid and few seeds. 85 days. #T276 (20-25 Seeds) \$2.95

Green Stripes ~ Medium sized olive green beefsteaks that are slightly ribbed and have faint lines within the ribs. Very juicy with a tangy flavor. 75 days. #T284 (20-25 Seeds) \$2.95

Green Zebra ~ Green with light green/yellow stripes...these add a very unique color to dishes and salads as well as having a great full bodied tomato flavor. 75 days. #T286 (20-25 Seeds) \$2.95

Greenwich ~ A nice "green when ripe" variety that is a flattened round shape and slightly ribbed. Some have a slight pinkish hue inside. 75 days. #T287 (20-25 Seeds) \$2.95

Snow White ~ A very small white cherry tomato that has a unique mild taste. Looks great mixed with red and yellow pear tomatoes in salads. Also great for snacking in the garden. 75 days. #T520 (20-25 Seeds) \$2.95

Spear's Tennessee Green ~ Darker green than Dorothy's. Heavy bearing plants produce a good slicing tomato with a sweet spicy flavor. 80 days. #T527 (20-25 Seeds) \$2.95

White Cherry ~ Produces a good yield of pale yellow quarter sized cherries. Mild Flavor. 80 days. #T571 (20-25 Seeds) \$2.95

White Oxheart ~ 12-14 oz. solid white oxheart shaped fruits with few seeds. Low in acid. 80 days. #T572 (20-25 Seeds) \$2.95

White Wonder ~ One of the few "White" colored beefsteak tomatoes. This is a very sweet variety that bears small to medium sized fruits that give a nice contrast to all the other reds, yellows, and purples around. 75 days. #T573 (20-25 Seeds) \$2.95

WHITE WONDER

AUNT RUBY'S

GREEN STRIPES

Vegetable	Variety	Description
Artichoke #CV001	Green Globe (20 Seeds) \$2.95	6 foot plants have 10-14 buds per plant. Pick the buds when they are young to ensure tenderness. These are really interesting to grow..
Arugula #CV002	Slow bolt (50 Seeds) \$2.95	A versatile gourmet green with tangy, peppery flavor.
Asparagus #CV003	Mary Washington (20 seeds) \$2.95	Produces good yields of tender dark green stalks. Takes two years to become established, but once it does you will have a lifetime supply of asparagus.
Beans, Bush Lima #CV004	Henderson Bush Lima (50 Seeds) \$2.95	Discovered in 1883 growing on the roadside in Lynchburg, Virginia. A prolific drought resistant plant yields loads of pods with 3-4 seeds to a pod. A favorite and staple in an heirloom garden.
Beans, Bush Snap #CV005	Improved Golden Wax (50 seeds) \$2.95	Bright yellow beans are nearly 6" long and have a flattened appearance. Great flavor and good yields make this variety very popular in home gardens.
Beans, Bush Snap #CV006	Contender (50 seeds) \$2.95	Good yields of dark green stringless beans. Plants are sturdy and produce over a long period.
Beans, Bush Snap #CV007	Derby (50 seeds) \$2.95	Big crops of long pods that are tender, flavorful and up to 7 inches long. Upright plants are easy to harvest, beans slip easily from stems.
Beans, Bush Snap #CV008	Roma II (50 seeds) \$2.95	Good yields of thick green pods with white seeds. Straight and stringless. Color and great flavor hold during cooking.
Beans, Bush Snap #CV009	Royal Burgandy (50 seeds) \$2.95	A beautiful addition to any garden, this purple, stringless pod grows to about 6". These turn green when cooked.
Beans, Bush Snap #CV010	Tenderette (50 seeds) \$2.95	This disease resistant variety for hot weather. Dark green long pods with a great bean flavor.
Beans, Bush Snap #CV011	Top Crop (50 seeds) \$2.95	5-6" long green beans with a fresh, crisp flavor. Plants produce a consistent load over a long period of time.
Beans, Dry #CV012	Black turtle (30 seeds) \$2.95	Vigorous dwarf bushes bear heavy yields of small black beans, 7-8 per pod. The young pods are crisp and can be used as snap beans when picked early. BUSH
Beans, Dry #CV013	Black Valentine (30 seeds) \$2.95	From 1897, this great tasting green bean is very productive. Seeds can be dried and used in soups...a jet black bean. Reliable, heavy producer. BUSH
Beans, Dry #CV014	Brockton Horticultural (30 seeds) \$2.95	1885. Beautiful dark red striped pods. Used only as a dry bean, it has a wonderful flavor for soups. POLE
Beans, Dry #CV015	Brown Rice Bean (30 seeds) \$2.95	Also called Fawn, the small seeds actually look like grains of rice. Beautiful caramel brown color BUSH
Beans, Dry #CV016	Colorado River (30 seeds) \$2.95	A beautiful dry bean that looks like it was sprayed with a light red color. Super in soups and cold salads. POLE

Vegetable	Variety	Description
Beans, Dry #CV017	Jackson Wonder (30 seeds) \$2.95	20-24" tall plants are coffee colored with burgundy markings. This Lima is thought to date back to 1888. This buttery bean will become one of your favorites! BUSH
Beans, Dry #CV018	Moccassin (30 seeds) \$2.95	This coffee colored rice bean variety is very flavorful. Great for mixing with rice, in salads or all by itself! BUSH
Beans, Dry #CV019	Orca (30 seeds) \$2.95	A uniquely bi-colored bean with a Yin Yang pattern. Creamy texture and mild flavor make them great for spicy chili or with salsa. BUSH
Beans, Dry #CV020	Pebble (30 seeds) \$2.95	This bean is unique in that it has different colored beans in every pod! Look great in chili and soup! BUSH
Beans, Dry #CV021	Snowcap (30 seeds) \$2.95	Large kidney shaped beans are tan/burgandy. As flavorful as they are beautiful. Keeps it's markings after being cooked. POLE
Beans, Dry #CV022	Swedish Brown (30 seeds) \$2.95	Brought to the US by Swedish immigrants in the early 1900's. Perfect for baked beans. BUSH
Beans, Dry #CV023	Tongues of Fire (30 seeds) \$2.95	Dark brown/burgundy and mocha colored, these beans are popular in Italy because they cook quickly and absorb spice well. BUSH
Beans, Dry #CV024	Yellow Indian Woman (30 seeds) \$2.95	This runner style pole bean is light yellow in color and is very flavorful. Holds it shape well in slow cooked dishes. POLE
Beans, Pole #CV025	Kentucky Wonder (50 seeds) \$2.95	A very popular bean with today's gardeners. It was originally grown in 1864 and produces 5-6 foot vines that are loaded with 8-9 inch pods.
Beans, Pole #CV026	Rattlesnake (50 seeds) \$2.95	This old bean produces 8-10 foot vines that yield beautiful long green and purple mottled pods. Beans inside are also mottled and are great in soups.
Beans, Pole #CV027	Scarlet Runner (25 Seeds) \$2.95	A very old heirloom that has graced American gardens since the early 1800's. Vines can grow up to 15 feet on a trellis or string and produce some hefty sized pods with beautiful pink and purple mottled beans. These are our favorite colored beans! Bright red blossoms attract hummingbirds.
Beans, Pole Lima #CV028	Florida Butter (30 seeds) \$2.95	Excellent tolerance for hot, humid weather. Cream colored bean with maroon speckles. Pods are about 3-1/2" long and contain 3-4 beans.
Beans, Pole Lima #CV029	King of the Garden (50 Seeds) \$2.95	1883 - Vines reach 7-8 feet and produce very long 7-8 inch pods with up to 6 beans per pod.
Beets #CV030	Bull's Blood (50 seeds) \$2.95	A very flavorful dark red beet. Great for canning or fresh with some butter and salt!
Beets #CV031	Chioggia (50 seeds) \$2.95	Available as far back as the 1840's. This old Italian heirloom is as popular as ever! Medium sized beets have a wonderful flavor and have alternating red and white rings... truly gourmet.
Beets #CV032	Cylindra (50 seeds) \$2.95	A long dark red beet that is great for slicing as it provides uniform slices with a great flavor.
Beets #CV033	Detroit Dark Red (50 seeds) \$2.95	These medium sized dark red beets are the most popular home garden beets grown today. Great flavor and texture will make these your favorite!
Beets #CV034	Ruby Queen (50 seeds) \$2.95	Good yields of super sweet beets that keep their dark color when they cook.
Broccoli #CV035	Waltham (50 seeds) \$2.95	18-20 inch plants produce medium sized dark green heads that can be harvested and the plant will continue to grow many edible side shoots over the growing season.
Brussels Sprouts #CV036	Long Island Improved (50 Seeds) \$2.95	This is the most popular heirloom Brussels Sprouts grown. Once a mainstay in most gardens, Brussels Sprouts have started regaining popularity again. Each plant can yield up to 100 sprouts that have a great flavor and are loaded with nutrients.
Cabbage #CV037	Copenhagen Market (75 Seeds) \$2.95	3-4 pound heads are uniform in shape and good keepers. One of the earliest cabbage varieties.
Cabbage #CV038	Red Acre (75 Seeds) \$2.95	2-4 lb. hard red heads. This variety is resistant to splitting and keeps very well.
Cabbage #CV039	Late Flat Dutch (75 Seeds) \$2.95	1860's - One of the best varieties grown in early gardens. Heads are an outstanding 10-15 lbs yet they are still flavorful and tender.

Vegetable	Variety	Description
Carrots #CV040	Chanteney (200 Seeds) \$2.95	1900s - A heavy yielder of sweet 5-7 inch carrots...even in poor soil!
Carrots #CV041	Little Finger (200 Seeds) \$2.95	A French variety that produces sweet little 3" carrots that have a wonderful flavor.
Cauliflower #CV042	Snowball (50 Seeds) \$2.95	Large white heads mature about 1 1/2 weeks earlier than other varieties. Nice solid heads with a great flavor.
Collards #CV043	Vates (50 seeds) \$2.95	30 inch plants produce dark green crumpled leaves. Plants are slow to bolt and are more well adapted for cooler climates than the Georgia variety.
Cucumbers #CV044	Boston Pickling (25 Seeds) \$2.95	1880 - Also called National Pickling. A heavy producer of medium sized 5-6 inch cukes with black spines. Great for pickling. Pick cucumbers before they get too large and begin to yellow.
Cucumbers #CV045	Marketmore (25 seeds) \$2.95	Heavy yields of long dark green cucumbers...great for slicers! Does well in less than perfect weather conditions.
Cucumbers #CV046	Lemon (25 seeds) \$2.95	An exceptional variety for cool, short season climates. The sweet fruit looks like a round lemon, instead of a cucumber. Ideal to use in salads or relishes.
Eggplant #CV047	Black Beauty (20 Seeds) \$2.95	1902 - This variety is the most widely grown eggplant in American gardens. 1-3 lb glossy black fruit are 6-8 inches long. Plants average 4-6 fruits.
Kohlrabi #CV048	Early Purple Vienna (50 Seeds) \$2.95	1860's - Plants have a round purple base with short stocky stems.
Lettuce, Head #CV049	Grand Rapids (100 seeds) \$2.95	Nice round heads with light green leaves. A good yielding lettuce that is slow to bolt.
Lettuce, Leaf #CV050	Black Seeded Simpson (100 seeds) \$2.95	1850 - One of the most popular loose leaf lettuces still today. Large light green plants produce tender leaves that are crisp and not bitter. Direct seed outdoors.
Lettuce, Leaf #CV051	Oakleaf (100 seeds) \$2.95	1800's - Medium dark green leaves are shaped similar to oak leaves. Plants are slow to bolt and is well suited for hot summers.
Lettuce, Leaf #CV052	Red Sails (100 seeds) \$2.95	AAS winner. Reddish bronze leaves grow up to 12 inches in diameter and turn a more pronounced red in the fall. High in vitamins, this mild flavored lettuce is slow to bolt and will provide a good quantity of high quality greens for salads.
Lettuce, Ro- maine #CV053	Cimarron (100 seeds) \$2.95	Broad flat leaves have a copper-red color and stay crisp. Large romaine gets about 12" tall. Also great to pick as a baby lettuce (at 25 days).
Melons #CV054	Banana (20 Seeds) \$2.95	1883 - A 16-18 inch long banana shaped melon that has a smooth light yellow skin with an orange interior. This melon has a truly unique aroma that resembles ripe bananas and an extremely sweet flavor. Highly recommended!
Melons #CV055	Honey Rock (20 Seeds) \$2.95	All American Winner 1933. Originally developed in the early 1900's by F. W. Richardson of Ohio. 3-4 lb. light cream colored melons are heavily netted with salmon colored flesh. Productive plants are resistant to fusarium wilt.
Mustard Greens #CV056	Southern Giant Curled (50 seeds) \$2.95	1740's - Large plants produce bright green crumpled leaves with a slightly pungent flavor. A slow bolting variety that is cold tolerant and slow bolting.
Okra #CV057	Clemson Spineless (25 Seeds) \$2.95	1939 All American Selection winner. was first introduced in 1939. Large plants yield loads of dark green pods up to 3 inches long. A very popular variety since its inception.
Onions #CV058	Red Burgandy (50 seeds) \$2.95	3-4 inch diameter onions are dark red in color and make great slicers for hamburgers or chopped in salsa or chili. Grows well in the north.
Onions #CV059	White Bunching (150 seeds) \$2.95	The most widely grown bunching onion. Each plant produces clusters of 6-9 stalks about 12" tall. Slow bolting and cold hardy.
Onions #CV060	Yellow Sweet Spanish (50 seeds) \$2.95	Large oblong onions have a yellowish brown skin and yellow flesh. A standard kitchen variety that is a good general purpose onion that has good keeping qualities. Sweet and mild flavored.
Parsnip #CV061	Hollow Crown (150 Seeds) \$2.95	1850 - This variety is still the most popular parsnip grown today. 10-15 inch long roots have a finely grained flesh that is sweet and flavorful. Withstands frost and stores well.

Vegetable	Variety	Description
Peas, Garden #CV062	Alaska (50 seeds) \$2.95	1880 - This variety was named after a steamship that held the Transatlantic speed record back in the 1800's. Three feet tall plants produce loads of 2-3 inch pods that have several small green peas. Good flavor for canning and soups.
Peas, Garden #CV063	Little Marvel (50 seeds) \$2.95	Thick dwarf bushes produce a good crop of 3-4 inch pods with dark green peas. Wilt resistant.
Peas, Snap #CV064	Mammoth Melting Sugar (50 seeds) \$2.95	1906 - Tall 4-5 foot plants need support via staking or a trellis. Large sweet pods retain their sweet flavor even as they mature. Plants are very productive and show some wilt resistance.
Peas, Snap #CV065	Sugar Snap (50 seeds) \$2.95	All American Selection winner. 3 inch long pods are thick and plentiful. Vines will grow up to 6 foot tall and are best served with a trellis. Plant in garden five weeks before last spring frost. Fall planting can also be done approximately 11 weeks before the first fall frost.
Pepper, Sweet #CV066	California Wonder (20 Seeds) \$2.95	A traditional green blocky pepper. 24 inch plants produce a good quantity of peppers with thick walls and a mild pepper flavor. Good stuffed or cut in strips for fresh eating.
Pepper, Sweet #CV067	Corni di Toro Rosso (20 Seeds) \$2.95	Also known as "Bull Horn", this sweet stuffing pepper grows to 10" long and is shaped like a horn. An Italian favorite!
Pepper, Sweet #CV068	Orange Sun (20 seeds) \$2.95	Deep orange bell shaped peppers have thick walls and are very sweet!
Pumpkin #CV069	Big Max (10 seeds) \$2.95	Huge pumpkins can grow well over 100 lbs.! Round, bright orange fruit is great for pies or canning.
Pumpkin #CV070	Connecticut Field (15 seeds) \$2.95	An extremely old heirloom grown since the early days of our country. Produces 20-25 lb. pumpkins that are excellent for carving. Not recommended for baking.
Radish #CV071	Cherry Belle (100 Seeds) \$2.95	1949 - All American Selection winner. A very early bright red radish with pure white flesh
Radish #CV072	Watermelon (50 Seeds) \$2.95	Ball shaped radish grows about 4" wide. White/green on outside with red/pink flesh. Mild, sweet flavor. Prefer cool weather.
Rutabaga #CV073	American Purple Top (50 seeds) \$2.95	1920 - 4-6 inch round roots have purplish-red shoulders and a cream colored body. Yellow colored flesh is solid and mild flavored. Good keeping qualities.
Spinach #CV074	Bloomsdale Long Standing (50 seeds) \$2.95	1925 - This is the most widely planted Spinach in the United States. Dark green crumpled leaves are great for salads. Plants are strong growers and tolerant to summer heat. Slow bolting provides longer harvest period.
Squash, Summer #CV075	Crookneck - Early Summer (20 Seeds) \$2.95	1700's - This heirloom dates back to the 1700's and is still a very popular variety today with market growers and home gardeners. Bright yellow fruits are covered with warts. Flesh is sweet and finely grained.
Squash, Summer #CV076	White Bush Scallop (20 Seeds) \$2.95	1700's - Another very old heirloom grown by American Indians. Bush type plants produce light green colored 3 inch by 6 inch oblong flattened 2-3 lb. squash with scalloped edges. Very good flavor that has proven itself for hundreds of years.
Squash, Summer #CV077	Zucchini - Black Beauty (20 Seeds) \$2.95	1931 - Bush type plants are fast growing and very prolific. Pick squash when they are 5-6 inches long to promote additional setting. Great flavor and tender flesh. This is the most widely grown squash in American gardens.
Squash, Winter #CV078	Cushaw, Green Striped (15 seeds) \$2.95	Similar in shape to the crookneck squash, this green/white striped variety can grow up to 30 lbs. Flesh is a light orange color and can be baked or used in pies.
Squash, Winter #CV079	Hubbard, Blue (15 Seeds) \$2.95	1800's - Light grayish Blue squash are long and tapered at both ends and can weigh up to 25-30 lbs! Dry orange flesh has a great flavor and is one of our favorites for freezing. Squash need to be sliced or broken into chunks for baking.
Squash, Winter #CV080	Jumbo Pink Banana (15 Seeds) \$2.95	105 days. (C. maxima) Large, pink banana-shaped fruit, can weigh 10-40 lbs. This variety is about 100 years old. We have grown this squash for many years, fine flavored, dry, sweet orange flesh, popular on the west coast, large yields.
Swiss Chard #CV081	Luccullus (50 seeds) \$2.95	1750 - A large growing plant with dark green crumpled leaves. Good flavor on this high yielding variety that withstands mild frosts.
